

A "Welcome to Medicare" Initial Preventive Visit:

You can get this introductory visit within the first 12 months you have Medicare Part B. This visit includes a review of your medical and social history related to your health and education and counseling about preventive services, including these:

- Certain screenings, shots, and referrals for other care, if needed
- Height, weight, and blood pressure measurements
- Developing or updating a list of current providers and prescriptions
- A review of your potential risk for depression and your level of safety
- An offer to talk with you about creating advance directives
- A written plan letting you know which screenings, shots, and other preventive services you need
- Review of the following forms that are filled out BEFORE your appointment (complete using either the HEALOW app or filling out the attached forms):

1. **Medicare Annual Health Risk Assessment:** Answering these questions can help you, and your provider develop a personalized prevention plan to help you stay healthy and get the most out of your visit
2. **PRAPARE:** List of non-medical questions to better understand you as a person and any needs you may have. This information will help us determine if we need to add new services or programs to better care for our patients
3. **Family Health Registration Form** if you have not already updated the form within the calendar year

This visit is covered one time. You don't need to have this visit to be covered for the yearly "Wellness" visit.

Scan the QR code with your camera to easily download the "Healow" mobile app.

Sign up for the patient portal:

- Manage your and your family's health information
- Easily communicate with your doctor's office.
- Check-in for a healthcare appointment online in advance
